MARYVILLE, MISSOURI, TUESDAY, OCT. 30, 1917

NO. 127.

MANY SIGN PLEDGE

FAMILIES ARE URGED TO TAKE FOOD SITUATION SERIOUSLY.

CANVASS IS UNDER WAY

600 Gave Their Names at Churches Last Sunday—Food Director F. P. Robinson Asks Aid.

Maryville families have entered heartily into the spirit of co-operation in taking the Hoover food pledge, over 600 having signed the rolls at the churches on last Sunday. "Take the food situation seriously," is the admonition and plea of men and women who are informed as to the condition of things in the war zone. That the United States has only started on various activities along these lines, and that there will follow calls for greater sacrifice, larger giving and fuller service than has yet been asked is the opinion of those who know whereof they speak.

The work of enlisting every family in the county is under way and F. P. Robinson, food director, and his assistants expect the co-operation of all who are asked to serve. Miss Jessie Farber, vice-chairman will look after the canvass in Maryville, while Mr. Robinson will direct his efforts to getting the pledges from families in the rural districts. It is requested that ministers and those who have been furnished pledge lists send them in without delay so that the work can be systematically checked up to avoid going over it a second time.

It is proposed to have every man, woman and child ten years old or over, to take a pledge to conserve food, especially grain, sugar and the fats, to the end that there will be enough left to send to the people of France and the soldiers at the front.

There is no money obligation involved, except that the people will be asked to go over the family budget and see where they can cut down on certain foods, in which they might have been extravagant. By doing this they will save enough to permit of a large export of food supplies. The entire world is now depending upon the United States to feed it, and the people here must be sparing, though no starvation program is planned.

RED CROSS OFFICERS BUSY

Get New Quarters in Carnegie Library Building Ready For Class Instruction Next Week.

The officers of the Red Cross society are busy this week in their new quarters in the Carnegie Library building, getting the rooms ready for the supplies and other accessories that will be used in the work of the society.

There is still much to be done before actual work starts on making the things that are necessary and Mrs. George Bellows, in charge of the work advises that every captain of each of the various auxiliaries in the county will be notified in ample time to get ready for the school of instruction which it is hoped can be started next week.

Each auxiliary will be allowed but one student representative for the reason that the instructors can only handle a class of twenty at a time, and with twenty auxiliaries the classes will be filled to the maximum.

Are Weary of the War.

Special to The Democrat-Forum. American Headquarters in France, Oct. 30.—The big majority of the German army, the privates, are weary of the war and yearn for peace, is the statement made by the expeditionary forces. One of the first German prisoners who recently died at the age of nineteen, had been in the first line trenches for more than a year.

Joe and Will Holtman of Ravenwood were Maryville visitors yesterday.

WILL TALK TO THE FARMERS

P. G. Holden, Corn Expert, Will Hold a Public Conference Saturday at Normal School Auditorium.

On Saturday afternoon at 1:30 o'clock at the Normal school auditorium a public conference will be held by P. G. Holden, corn expert, who is a speaker at the convention of the Northwest Missouri Teachers Association, with the farmers and agriculturists of Nodaway county. The conference will be open to all who care to attend and Mr. Holden will be glad to answer any questions that may be asked him relative to corn breeding and growing.

It is hoped that a large number of farmers will take advantage of this opportunity to meet Mr. Holden and to talk with him at first hand about the things they are interested in.

DON'T HOARD SUGAR

THE PRICE CAN'T GO ANY HIGHER E. L. TOWNSEND POINTS OUT.

SAYS BUY AS IS NEEDED

Plenty For Everybody Here If Conservation Is Practiced—"Fair" Prices For All Commodities.

If the people of Maryville will conserve on sugar there is no danger of a famine here, according to E. L. Townsend, of the Townsend Wholesale Grocer Co., who says there is no use in hoarding it up for the government has fixed the price and it cannot get any higher than it is. "If the people will buy in small quantities just as they need it, there will be plenty to last until the new crops get in," said Mr. Townsend today.

"Do you know," said he, "that the per capita consumption of sugar in Italy is 8 pounds, in France 12, in England 26 and that we use 96? We could cut off half our supply and be better off. We are shipping eighteen sacks of export sugar now where we used to ship one—no wonder there is a shortage in this country."

The retailer who is found selling at a higher price than has been fixed by the government is likely to have his supply cut off.

"It is a shame," said one merchant, "they way in which people try to get sugar. They even go from one store to another buying all they can in each place."

All the staples have the price fixed and have the suggestion that the wholesaler make a reasonable profit. They are held responsible for good distribution in the cities.

"Missouri is going to have to do what they have done in Illinois, fix the 'fair' price of certain foodstuffs," said another merchant today. "We might as well get ready for it, however, flour is being sold for less here in Maryville than the price fixed by the food administrator of Illinois."

The grocers of Illinois have for the most part agreed to put the prices into effect. Sugar in the present schedule is about two cents lower than it was. Following is the list of prices fixed by the Illinois food administrator as "fair."

Flour—Well known advertised brands, running four bags to barrel, retailer pays \$2.80 to \$2.92; consumer pays \$2.95 to \$3.18.

Flour—One-eighth barrel in cotton bag, retailer pays \$1.42 to \$1.48; consumer pays \$1.49 to \$1.60 per bag.

Flour—Five-pound bags, retailer pays \$1.42 to \$1.48; consumer pays \$1.49 to \$1.60 per bag.

Potatoes—No. 1 Wisconsin, Minnesota and Dakota per hundredweight, retailer pays \$2.35 to \$2.50; customer pays 43 to 46 cents per peck (fifteen pounds).

Sugar—Beet, bulk granulated per hundredweight, retailer pays \$7.65 to \$7.76; customer pays 7½ to 8½ cents per pound.

COURT READY TO ACT

FILED STATE ROAD PLANS WITH DEPARTMENT IN MAY.

IT IS NOW WITH PEOPLE

Preliminary Requirements of Designation Have Been Met By Court, the Correspondence Shows.

In support of their assertion that the preliminary requirements in connection with the designation of state roads has been complied with, County Judges W. M. Blackford and C. P. Schmidt offer the following correspondence had in May, last, between the clerk of the county court and the office of the State Highway Department, as follows:

Office of Clerk of the County Court:

To the State Board of Highway Commissioners:

To locate state road for securing federal aid—We, the members of the county court of Nodaway County, Missouri, do respectfully petition your honorable board to locate and establish within the boundary of Nodaway County, 147½ miles of state road as per outline map, herewith attached, in order that we may obtain the federal and state aid of one-half the cost for hard surfacing the same with either brick, brick and concrete, concrete, 16 feet in width. And for this we will ever pray.

W. M. Blackford, Presiding Judge. C. P. Schmidt, Judge South Dist. Dated at Maryville, Mo., this 11th day of May, 1917.

The acknowledgment of the letter from the judges of the county court from the State Highway Department is as follows:

State Highway Department, Jefferson City, Mo.

May 22, 1917—Mr. Fred J. Yeomans, County Clerk, Nodaway County. Dear Sir:—The Department begs to acknowledge receipt of the application of your county court for the establishment of state roads through your county in certain suggested locations as filed by Mr. Harry W. Graham, supervisor of district No. 1. Kindly convey to the Court, the department's expression of appreciation for their co-operation in this matter.

Yours truly,

State Highway Department.

Per J. Russell Ellis, Assistant State Highway Engineer.

No notice of approval of the plans sent, nor the formal adoption of the roads designated as state roads has been received by the county court. The county court is ready to take further action when residents along any of the roads so designated express their desire to the court to have such road made into a hard surfaced highway. Judges Blackford and Schmidt say that further initiative in the matter is now with the people who reside along these roads.

TAKE YOUR PENNIES ALONG

Every Time You Spend Ten Cents For A Movie Ticket, You'll Aid A War Tax of A Cent.

Maryville moving picture patrons will feel the effects of the Government war tax, Thursday, when they go to the Empire Theatre. Beginning on that date a war tax of 1c will be added to the 10c tickets, 2c to the 15c tickets and 3c to the 25c tickets. The theatre will also quit selling the 5c seats in the balcony. Five cent tickets will be sold only to children who are under 12 years old.

An Air Raid Failed.

Special to The Democrat-Forum. London, Oct. 30.—There is rejoicing today over the utter failure of an air raid attempted over the southeast counties last night by German airplanes.

EARLE WILFLEY, BUSY PASTOR

Former Maryville Boy Now Member of Hoover's Food Administration and Other War Activities.

We are facing the blackest winter, from the food standpoint, ever known in the United States.

This is the message to Kansas City from a former Kansas Cityan, Earle Wilfley, pastor of Vermont Avenue Christian church, Washington, now working in the interest of the food administration. Mr. Wilfley is in Kansas City, says the Kansas City Star, the first time since 1889, attending the convention of the Christian church. He spoke in the interest of food conservation.

Mr. Wilfley, who is a cousin of Dr. Burris Jenkins, was founder and first superintendent of the Springfield Avenue Mission Sunday School, out of which has now grown the Linwood Boulevard institution. He is now an active member of Hoover's Food Administration in the conservation section, in addition to being a busy Washington pastor and chairman of the committee on religious ministrations of the district war service commission, looking after training camp activities near the capital.

Mr. Wilfley is a Maryville boy and a brother of G. L. Wilfley, president of the Farmers Trust Co. On his last visit to Maryville, a year ago, when he visited with home folks on his way home to Washington from the convention at Des Moines, he occupied the pulpit at the First Christian church preaching two sermons.

ASK THAT ROOMS BE LISTED

Committee On Accommodations for Delegates to State Convention Will Have Plenty To Do.

From reports made by several of the committee in charge of securing the promises of rooms for delegates to the State Sunday School Convention next month, enough available rooms have not been listed. Mrs. A. R. Perrin, chairman of the rooms committee is anxious that all rooms that may be had for the 1,000 or more delegates who will attend the convention for three days, be listed at the earliest possible day, so that detailed plans may be worked out for their use.

The convention will bring the largest number of people to Maryville that has ever been here for a stay of such length and there is a large amount of detail work to be done, hence the request that those who have rooms they will furnish, list them with the committee as soon as possible.

H.S. PUPILS ARE INTERESTED

Hear Discussion At Assembly This Morning of Need for Conservation of Food For War.

F. P. Robinson, chairman of the district committee on food conservation, discussed the food problem at the High school this morning at a special assembly.

He gave a clear outline of the present food situation and how the Hoover administration intends to relieve it. He pointed out that food was the most necessary article in warfare and that the United States controlled almost all the food in this war.

He urged every student to make a sacrifice in some way that would further the conservation. A small sacrifice, if made by every person in the country, would make an early conclusion of the war possible.

During the next three days the High school students will be asked to sign pledges which require that they make certain sacrifices in eating. They are taking a great deal of interest in the nation's great problems and have given over some of their assemblies to a discussion of them.

CHILDREN TO HELP

ARE ASKED TO DO THEIR "BIT" IN AID FOR WAR CAMP FUND.

TO START WITH SCHOOLS

Letters Have Been Mailed to All the School Teachers in County, Asking for Co-operation of Pupils.

Tomorrow morning in practically every country and town school in Nodaway county, will start one phase of the campaign for Nodaway county's \$640—her quota for the War Camp Community Recreation Fund. Letters were mailed to all school teachers last week explaining the purpose of the fund, and asking that a small collection be taken among the pupils of each school. The funds received in these collections will be sent to the committee from the Maryville Commercial Club, Harvey L. Haines, being chairman.

Not a woman or child in Maryville but what was proud of the stalwart men in khaki who visited homefolk Saturday. The sight was indeed a pleasing one. The boys made hearts glad, and everyone more than anxious to do his "bit" in preserving the safety of their temporary "home"—the training camp.

A prominent Rotary club man of the country who has investigated conditions, writes, "It is the shame of every nation—ours no less than the other countries—that heretofore the common soldier has had no amusement open to him except the saloon, the gambling house, the cheap dance hall, and the brothel. He had no welcome at the front door of any wholesome home—and if the cook was the least bit particular, he was not received at the back door. He was treated as an outcast and shown no sympathy or consideration, so that it is no matter of wonder that he accepted the only amusements open to him. Healthy, vigorous, in the full glory of young manhood, he was kept for some kind of sport, and he took the only thing offered him. The result has been terrible. If our camps need cleaning up, we must do it, we must at all costs give our boys a normal, wholesome good time."

MORE ROOM FOR EXHIBITS

Managers of the Corn and Domestic Science Exhibits Find Space Allotted Is Not Near Enough.

Exhibits have already begun to arrive for the big county corn show and domestic science exhibit at the Normal the last of the week and the managers of the different departments are already asking for more room for the exhibits. Paul Slisson, in charge of the corn breeders and farmers' departments will have charge also of the sale of prize corn next Saturday afternoon. In charge of the general classes such as seeds, fruits, compositions, honey, etc., will be W. C. Thompson and G. B. Holmes.

The boys' corn growing contests will be in charge of Bert Cooper and E. M. Claypool.

All exhibits in the domestic science classes will be in charge of Miss Hettie M. Anthony.

Quotas Ordered From Ten States.

Special to The Democrat-Forum. Washington, Oct. 30.—Provost Marshal General Crowder today ordered the governors of Pennsylvania, Washington, Idaho, California, Nevada, Montana, Oregon, Wyoming, Utah and Maryland to send their remaining increment for the national army to the cantonments on December 2 some of the cantonments not being ready for all the men yet.

"JULIUS CAESAR" TONIGHT

Third Number of Christian Church Lyceum Course With Anthony Novelli as the Greatest Roman.

The third number of the Moving picture Lyceum course at the Christian church will be shown tonight. The six-part masterpiece is Julius Caesar, with Anthony Novelli, the distinguished tragedian, in the role of Julius Caesar. Settings and costumes are true to the period in which the action occurred and include some remarkable battle scenes between the forces of Caesar and the ambitious Pompey. Included in the action of the story are over 20,000 people.

The concluding acts of the great drama portray with effective realism the return to Rome of the victorious Caesar, who settles down to the administration of justice.

NO UNDUE PROFITS

RETAILERS MUST BE SATISFIED WITH REASONABLE MARGIN.

WATCH FOR VIOLATORS

Supplies Will Be Cut Off From Those Who Ask Exorbitant Prices—Under Federal Control.

Special to The Democrat-Forum.

Washington, Oct. 30.—Profiteering by retail dealers in foodstuffs will be made impossible after November 1, the food administration has announced, under a plan to cut off supplies to those not satisfied with a reasonable margin. Manufacturers, wholesalers, and other handlers of foods whose businesses will go under license, will not be permitted to sell to distributors who seek undue profits.

"This is one of the most sweeping safeguards," the announcement said, "against high prices which will be incorporated in the licensing system, for which complete rules and regulations will be made known within a few days."

This plan, food administration officials say, will give the government entire control of the retail prices.

Authority for extending control of the retailer is cited in the announcement as follows:

"Small retailers of food, of whom there are several hundred thousand in the country, while exempt from the licensing provisions, are nevertheless subject to other provisions of the food control act. Every retailer, as well as every other handler of the food, is forbidden, under the law, to waste, or destroy food, or to conspire with anyone to restrict the production, distribution or supply, or exact excessive prices on any necessities. There are no penalties provided, but the food administration hopes that the arrangement of restricting supplies to violators of the law will be of some effect, for the retailer will find himself unable to buy from any wholesaler or manufacturer."

Federal food administrators in all the states will be directed to keep a watch for violators and send to the food administration the names of retailers asking excessive prices.

American Soldier Injured.

Special to The Democrat-Forum. American Headquarters in France, Oct. 30.—An American Lieutenant attached to the signal corps is the first American soldier fighting with General Pershing's forces to be wounded in France. He was struck in the leg by a shell splinter while working in a communication trench near the first line. He was taken to the hospital. His wounds are not serious.

U. S. HURRIES TO AID OF ITALIANS

AMERICA TO PLAY IMPORTANT PART IN PUSHING HUNS BACK.

WASHINGTON HEARS ITALIANS LINE HOLDS

Reported Gen. Cadorna's Forces Are Checking German Advance and Plan Stand on Tagliamento.

Special to The Democrat-Forum. Berlin, Oct. 30.—Udine, the great Italian base, was captured today by the Germans according to an official announcement here this afternoon.

Washington, Oct. 30.—The United States has gone to the assistance of Italy in that country's extremity. The details of the assistance or even the nature of it were refused at the Italian embassy today, but the fact that America would play a most important part in rolling back the Teuton invasion, was not denied.

Washington, Oct. 30.—The new Italian line will hold. This statement practically summarized all dispatches received by the Italian embassy today from Rome. The report says that the German claim that they have captured more than 100,000 men is greatly exaggerated.

Rome, Oct. 30.—General Cadorna's forces continued today to check the onslaughts of the German army according to dispatches from the battle front. The advice emphasized the previous statement that Italian operations are progressing as had been previously planned. The destruction of bridges across the Isonzo river held up the Austro-German advance, the war office declared, allowing the Italian cavalry to come in contact with the enemy's vanguard.

London, Oct. 30.—Advices from Rome today indicate that General Cadorna plans to make his stand on the banks of the Tagliamento river. While slowly retreating before the onrushing enemy the Italian troops have succeeded in checking their advance sufficiently to make a withdrawal without the serious loss of men or guns. This according to Rome advices, means the realization of the plans of General Cadorna. It also means the greatest battle since the entrance of the Italians into the war will be fought along the Tagliamento river.

COAL BY "CARD" IN CHICAGO

Buyers Must Say How Much They Need How Much on Hand, in Plan to Conserve City's Fuel.

Try Making Your Own Cough Remedy

You can save about \$2, and have a better remedy than the ready-made kind. Easily done.

If you combined the curative properties of every known "ready-made" cough remedy, you would hardly have in them all the curative power that lies in this simple "home-made" cough syrup which takes only a few minutes to prepare. Get from any druggist 2½ ounces of Pinex (30 cents) and pour it into a pint bottle and fill the bottle with plain granulated sugar syrup. The total cost is about 65 cents and gives you a full pint of really better cough syrup than you could buy ready-made for \$2.50. Tastes pleasant and never spoils. This Pinex and sugar syrup preparation gets right at the cause of a cough and gives almost immediate relief. It loosens the phlegm, stops the plain throat tickle and heals the sore, irritated membranes that line the throat, chest and bronchial tubes, so gently and easily that it is really astonishing. A day's use will usually overcome the ordinary cough, and for bronchitis, croup, whooping cough and bronchial asthma, there is nothing better. Pinex is a most valuable concentrated compound of genuine Norway pine extract, and has been used for generations to break up severe coughs. To avoid disappointment, be sure to ask your druggist for "2½ ounces of Pinex" with full directions, and don't accept anything else. A guarantee of absolute satisfaction or money promptly refunded, goes with this preparation. The Pinex Co., Ft. Wayne, Ind.

WHY A COMMUNITY CHORUS?

It Brings the People of the Community Together to Give Expression in Their Ideals.

There is a little town in Kansas named Colony, a town of about 650 people. There was a Community Chorus movement started and the first rehearsal was called and 30 people responded, the third rehearsal there were 155 people enrolled in this new chorus. The society became so successful that the business men of the town issued bonds for an \$8,000 Community house so that they would have a place large enough for them to get together and sing and also a place where the Community Musical Fest-

ivals could be held. This is one illustration of what is taking place all over the country.

"Art has little significance so long as it is interpreted in terms of the few. It does not become a living, vital thing until it is brought to fulfillment through the wishes and desires of all the people. A basis of common feeling is required, and this basic feeling is now having its development in the Community Chorus movement.

"Musicians who are hopelessly entangled in the mesh of tradition are inclined to scoff at the idea of a chorus made up of previously untrained voices attempting to sing Oratorio. These good people forget that Oratorio came out of the people, that it is a natural expression of the people and the reason for its decline from the great place in music it once held is because it has been diverted from its original purpose. It has been made a formal channel for musical skill rather than a great outpouring of the power and strength and beauty which is inherent in the mass-soul."

This movement has been started in Maryville, and it is meeting with very good success but not the success that it should be, for there are a great many people who would enjoy this great work which is trying to find expression here. Joining a Community Chorus is taking a place in the

progress of the world. A progress that is sure to sweep the country as it already has commenced.

The Maryville Oratorio society meets each Monday evening at the Recital Hall of the Conservatory at 7:30 p. m. An invitation is extended to every singer, amateur or otherwise, to join the society.

DEMOCRAT-FORUM Classified Ads

ARE TWO PHASED

You have to lead a hermit life to get away from the almost daily need of Democrat-Forum Classified Advertising. For it's come to mean real service—to stand for short cuts in so many phases of daily life. Democrat-Forum Classified Ads do more odd jobs than all the odd job men in the city—greater errands than messenger boys—and make sales that cannot be made economically in any other way.

RATES IN THIS COLUMN

Classified ads running three days or more will be inserted in this column for one-half cent per word each insertion. No ads taken for less than 25¢ for three days.

Ads running less than three days or interrupted insertions, 1 cent per word each insertion.

Count the words; send money with the order. Ads should be in by 12 o'clock to insure insertion in this column same day.

These prices are for cash with order. An extra charge of five cents will be made on all want ads when cash does not accompany the order.

Should Use
Black Silk Stove Polish

It's different from others because more care is taken in the making and the materials used are of higher grade.

Black Silk Stove Polish
Makes a brilliant, silky polish that does not rub off or dust off, and the shine lasts four times as long as ordinary stove polish. Used on sample stoves and sold by hardware and grocery dealers. All we ask is that you use it on your cook stove, your parlor stove or your gas range. If you don't find it the best stove polish you ever used, your dealer is authorized to refund your money. Insist on Black Silk Stove Polish. Made in liquid or paste—one quality.

WOMEN DOING MEN'S WORK.

One of the most striking results of the great war in Europe, is the extent to which women are doing the work of men. Travelers to England and France report that practically every able-bodied man is in uniform and women by the thousands are engaged in doing men's work—acting as conductors, and drivers on the cars and doing all sorts of heavy work besides. This shows unexpected possibilities in what has been mistakenly called the weaker sex. Women are subject to ailments which men do not have, and when so ailing become weak, helpless sufferers. But a remedy has been found. For forty years, Lydia E. Pinkham's Vegetable Compound has been making such women well and strong, and as able to do work as any other woman.

Dr. W. W. Turner left last night for Petersburg, Ill., called there by the serious illness of his mother, Mrs. Henry Turner.

FARMER NEAR MARYVILLE HAS TERRIBLE EXPERIENCE.

"I don't think anybody ever suffered more pain than I have. Twice I was operated on for gall stones and a third operation was advised. A friend in Iowa wrote me how he was cured by taking Wray's Wonderful Remedy. I took a bottle on his advice with good results and have also taken the full course. My pains are all gone and I feel I am permanently cured. It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded.—Pearson's Pharmacy.

Overworked Women must learn not to neglect their health

How Women are Restored to Health

Spartanburg, S. C.—"For nine years I suffered from backache, weakness, and irregularities so I could hardly do my work. I tried many remedies but found no permanent relief. After taking Lydia E. Pinkham's Vegetable Compound I felt a great change for the better and am now well and strong so I have no trouble in doing my work. I hope every user of Lydia E. Pinkham's Vegetable Compound will get as great relief as I did from its use."—Mrs. S. D. McABEE, 122 Dewey Ave., Spartanburg, S. C.

Chicago, Ill.—"For about two years I suffered from a female trouble so I was unable to walk or do any of my own work. I read about Lydia E. Pinkham's Vegetable Compound in the newspapers and determined to try it. It brought almost immediate relief. My weakness has entirely disappeared and I never had better health. I weigh 165 pounds and am as strong as a man. I think money is well spent which purchases Lydia E. Pinkham's Vegetable Compound."—Mrs. Jos. O'Bryan, 1755 Newport Ave., Chicago, Ill.
